

Grammy Winners

Hello everyone I'm Ashley Hafer your host for BE News. Tonight we're highlighting the top Grammy winners and while some were expected...others were a pleasant surprise.

J-Lo...her daring dress and Pitbull presented the best pop solo performance and we weren't shocked to see Adele's pipes take it home for her hit song set fire to the rain.

The catchy song We Are Young by Fun featuring Janelle Monae also came as no surprise for best song of the year. The group poked fun at the ironic title saying they actually aren't young at all. It makes no difference to us though as long as they keep making great music.

Things got a little heated as the night went on and Chris Brown and Frank Ocean were both up for best urban contemporary album. Frank Ocean took home the win and after all of the drama between the two recently it looks like Chris Brown couldn't bring himself to give a standing ovation.

Best new artist is another category with great nominees that are bursting into the music scene. They didn't think they would win another award last night...but Fun won this category too. Before they left the stage they again referred to their age saying we're so old!

Our favorite award given out was record of the year. Prince and his cane presented the award to the great Gotye and Kimbra. They were so excited we couldn't help but smile.
